EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's representative, Michelle Whittington, on August 2, 2005.

The application has been amended as follows:

Claims 1-9, and 16 are cancelled.

Claims 10 and 15 are amended to read as follows:

Claim 10: A method for supporting a real time communication for and between both a pulse code modulation (PCM) telephone network and an Internet protocol (IP) telephone packet network in an enterprise including the steps of:

- providing a gateway responsive to calls from a calling party on either the IP telephone network or the PCM telephone network for answering calls;

- obtaining directory prompt messages from an IP gateway;

- responding to DTMF or voice recognition signals from the calling party and searching a directory database for a closest match of a name;

- playing the directory prompt messages to the calling party and audibly announcing the closest match;

- negotiating an acceptable name with the calling party and prompting the calling party for acceptance of the closest match;

- looking up an address translation in the directory database in response to the name selected by the calling party; and

- attempting the real time communication to a called party utilizing the address translation
